

The Med MoU on PSC Secretariat Quality Policy

- ☞ We at the Med MoU on PSC Secretariat are committed to provide services to our customers and have always represented some of the finest names in contracting in Egypt. We will try to meet our customer's expectations within the context of our organization.
- ☞ We are committed towards our Quality Management System requirements and while accomplishing our tasks we will work in accordance with the required standards and requirements. We will try to achieve customer satisfaction by rendering appropriate services.
- ☞ We will achieve our targets by continuous improvement of the effectiveness of our system and developing the skills and expertise of our employees who will be suitably qualified to use advanced technology and who understand that quality is the most important aspects of their work.
- ☞ We aim for the continual improvement in our Quality Management System while complying with the applicable Local & International Regulations and providing a framework for establishing and reviewing our quality objectives on regular basis.
- ☞ Considering the COVID-19 Pandemic we are committed towards our internal and external interested parties by implementing the precautionary measures taken to maintain public health, and to align ourselves with the technological challenges required at the present time to avoid breaching work responsibilities.
- ☞ The Med MoU on PSC Secretariat has defined this Quality Policy in relevance to its quality objectives and through its Quality Management system will implement this Policy, which is communicated and understood within the organization, and available to relevant interested parties through our website. This policy will be reviewed for continual suitability during Management Review.
